Driver-Fleet Allocation

By choosing the menu option **"Management/Fleets/Driver-Fleet Allocation"** an administrator is able to assign any driver to a fleet manager's current fleet. By doing so, the fleet manager can only view a list of drivers assigned to his fleet under **"Driver/Report request"**. Additionally, the fleet manager can only assign drivers to his allocated fleet. An administrator may change the settings regarding driver-fleet allocation under the menu item **"Management/Driver/Select Driver"**.
